JADE: Juvenile Alcohol & Drug Education

JADE:

An 8 hour evidence based program**, serving youth ages 12 to 20 who already engage in high-risk drinking or drug use or who are in a group likely to begin making choices that increase risk for problems.

Thousands of young people throughout the country are taught the curriculum through juvenile justice systems, underage DUI programs, court diversion, school student assistance, and similar programs.

Program Goals:

- To reduce problems caused by high-risk drinking or drug use;
- To reduce the risk for long-term health problems and short-term impairment problems;
- To help people successfully protect the things they value.

Program Requirements:

- Attend 8 hour class
- SASSI Evaluation
- Participation in group activities/discussions
- Complete Pre/Post Test
- **A graded pass/fail essay will be due within 2 weeks of course completion and is required**
- **MUST pre-register**

Confidentiality:

Anyone may call New Opportunities with concerns about his/her own or someone else's substance use. All calls are confidential. New Opportunities, Inc. will not release information about any individuals without their prior, written consent.

Instructors:

All of our instructors are certified by the Prevention Research Institute.

Prime For Life®, an evidence-based prevention and intervention program, helps people learn to reduce their risks of alcohol and drug related problems throughout life.
